

How to Buy ?

- Pick up a Tender Form at the **store entrance**
- Write down the lot numbers that interest you – *lot stickers have a 4 digit number, a description of the goods and an amount that you can pay to take the item home today – basically an idea of the price the vendor (**seller**) is looking for*
- Make an offer – *this simply means make an offer based on the **take home today price** **not** on the price negotiated by a member of staff*
- Take your completed form (**remember to sign and date it**) *to main reception*
- If we can do the deal on the spot – ***then we will***
- If we are **unable** to accept your offer you can submit the form to be processed the following Monday - *we contact the seller and call you back – this can take up to a week*
- Please remember that on top of the price offered you will pay our **15% BP** (Buyers Premium) - *this is part of **Tender Disposals** charges as **we do not own the goods***
- A **\$2** Admin fee is also payable per invoice – ***not per item***
- When collecting goods that you have purchased please ensure that **YOU** provide assistance for loading (this means bring someone with you if your items are large or heavy) - *and that all goods be collected **no later than 1 hour prior** to the store closing – we ask all goods are collected within 3 days.*
- **Finally** - all goods are sold "**AS IS**" unless otherwise stated - *this means there are **no warranties** or **refunds** offered and that **you should check** the goods before you leave the store to ensure that they **fit for the purpose** for which they are intended*

Good luck and please don't hesitate to ask a member of staff should you need any further assistance or information
